

To Eastern Metropolitan Region (EMR) Primary Schools,

Please find an important change to timing and other helpful information ahead of the **EMR Primary Cross Country next Tuesday 18th June at Yarra Valley Racing Club.**

[Click here for all race information](#)

IMPORTANT - CHANGE TO PROCESS FOR EMR CROSS COUNTRY

The Eastern Metropolitan Region will be trialling a new timing system at the upcoming Region Cross Country event. There is no longer a need to have a competitor number written on the athletes hand.

[Primary Athletes will be marshalled into the mounting yard outside the Jockey's Room to collect their race bib up to 45 minutes prior to their race start time.](#)

Please ensure students allow enough time prior to the scheduled time of their event to collect their race bib and marshal for the race. The race bib will need to be pinned to the front of the athletes shirt prior to the commencement of their race. The race bibs have a chip in them that will record the athletes time as they cross over the finish line.

[At the conclusion of the race, bibs will need to be removed and left in the tubs at the finish line. Please note - It is very important that students return their bibs at the finish line, Schools will be invoiced \\$5 \(per bib\) for any bibs which are not returned.](#)
